# ABOUT SYNERGRAPHIC DESIGN

**Synergraphic is a premier art+design studio that provides interior and architectural art glass solutions, bespoke lighting, installations, sculptures, features and murals, for indoor and outdoor spaces.**

Since the company's formation in 1986, Synergraphic has remained at the forefront of cutting edge design, having created hundreds of features in glass and mixed media for projects in more than 15 countries – including St Regis Singapore, Partners Monument at Taipei 101 and the Crystal Pyramid in Brunei.

Synergraphic also provides a wide range of standard finishes, materials and glass elements to achieve excellent design concepts; and delivers interior pieces to make functional spaces work without compromising beauty. Our services include consultancy, art and design, prototyping, sourcing, installation, and more. We are committed to continually finding new means to increase the value of all kinds of spaces through glass and art.

Synergraphic is firmly dedicated to “The Art of Glass and All Things Beautiful”, and is the ideal partner for architects, designers and artists seeking to turn their visions into reality.

## ABOUT THE DIRECTORS
